

Learn CUED SPEECH Online  
with Our Hybrid Self-Study/Instructor-Assisted Course:  
"CS100 - Introduction to Cued American English"

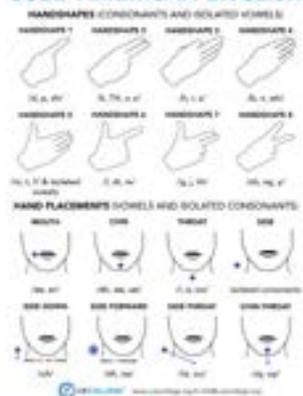

**Cued Speech is a mode of communication that uses simple hand cues with the natural mouth movements of speech to make the sounds of spoken language clear through vision alone.**

**Cued Speech enables age-appropriate language and literacy, works in synergy with hearing aids and implants, and may be used in the home by families and in school and therapy settings by SLP's, teachers, cued language transliterators, and others.**

**Our easy-to-navigate course teaches all of the consonant handshapes, vowel placements, and rules of Cued American English. Learn the system in a few days -- and then jump right in and start cueing!**
